Dear Bro John

Yours of the
14th Inst was received a few
days ago. I was glad
indeed to hear that
you were getting along
so well. & that your prospects
are so good. I think
you have been very lucky
in getting the chance
that you have. Now a
good deal ^{of your success} depends on
yourself, though not all.
Buy as cheap as possible
and keep good articles you
will be able to sell as cheap
as any one. & if there is any
business to be done you

will have your share
Quick sales & small profits
is my motto
"though I like large ones
when I can get them"
for there is nothing like
keeping your money
rolling all the time
I am much better pleased
to hear that you are going
into business for your-
self than taking a situation
It is my intention at
present to go home in
the fall or beginning of
winter, & if I should not
be able to go by the time
you wish to enlarge your
store I think I will be able
to give you a thousand or
two which may help
a little till I get cleared up
here

My partner & myself
are fitting or rather putting
up a building 20 x 60
for a restaurant for Ice
cream & meals at all hours
in other words a fancy or
fashionable eating house
right opposite the Depot
& quite certain we will do
splendid this summer
as there will be an awful
immigration to this place
and between that and our
business I intend to save
a little money "at least
I will try". Business is
beginning to be very good
I will soon be better we
intend to do a pretty heavy
business this summer
I have no news of importance
to tell you. I very seldom
receive a English paper

I suppose you will see
from the papers that
Andy Johnson has got
himself into rather a tight
place from which I
hope he won't get easily
out, "but time will prove"
Remember me to all
who may enquire for me.
Give my love to the girls
& all the family, & accept
the regards from your
 Loving Son
